Returns From Africa War Area—Home on Furlough

CLIFTON SMITH

Mr. and Mrs. Richmond C. Smith of the Caesar Community were much surprised one morning this past week when their son Clifton Smith reached home about 2:00 o'clock. This young man has been overseas for the past fourteen months and was with the first American troops who reached Africa on the morning of November 8th. He has been through several battles and seems none the worse for the experiences that he has had. He will be at home until next Monday when he must return to camp in Virginia. Clifton's trip home was occasioned by his accompanying German and Italian prisoners to this country.

City Echoes

—Mrs. J. A. Evans spent Wednesday in New Orleans.

—Miss Bessie Scaife spent last week visiting friends in Galveston and other Texas cities.

—Mrs. Victor Lizana has purchased the cottage on Court Street formerly owned by Henry Osinich.

—Miss Ruth Perkins has accepted a position in Atlanta, Georgia, and will be there in the future.

—Dr. and Mrs. C. E. Clayton of Norco, Louisiana, spent Sunday here as guests of Dr. and Mrs. E. S. Baker.

—Mr. George Pitcher is ill at his home on North Beach. Mr. Pitcher suffered a fall after a short illness and is again confined to his bed.

—Mrs. Myra Culbertson of New Orleans is the guest here of her brother and sister-in-law Mr. and Mrs. Harry S. Pond.

—Mrs. Percy Kennedy has gone to New Orleans to be with her husband Corporal Kennedy who is in the Army hospital there recovering from an operation.

—Visiting Mr. and Mrs. F. T. Creel over the week end were Mrs. Charles E. Morrison, Mrs. P. J. Luparello, Mrs. Frances Hearty and Miss Diana Morrison of New Orleans.

—Misses Sue and Betty Sibbley of New Orleans were week end guests of the Misses Margie, Julie and Joan Elliott. They returned to their home Sunday night.

—Sgt. Roscoe Smith, member of the U. S. Marine Corps former county administrator of the A. A. A. in this county, was a visitor to Bay St. Louis last week, while home on furlough from North Carolina.

—Miss Agnes Bourgeois has been confined to her home during the past week, due to illness. She is expected to return to her position in the County Agent's office within the next few days.

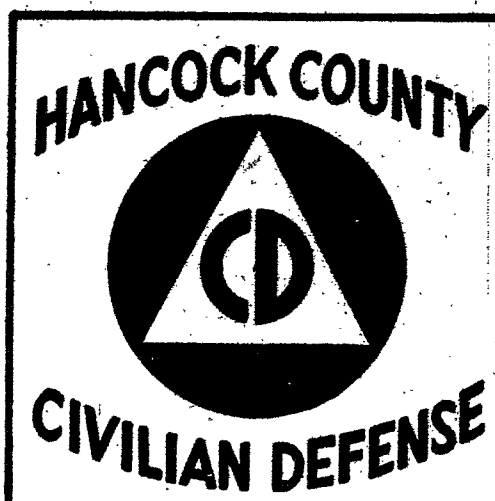

—Mr. and Mrs. George Grant of New Orleans are spending the week in Bay St. Louis. Mr. Grant is an ardent fisherman and with his wife have been out every day after them, meeting with success.

—Miss Gertrude Perkins who holds a supervisory position with the YWCA at Atlanta, Georgia, is spending a month's vacation with her sisters Misses Mary and Ruth Perkins and her brothers Terrell and H. Grady Perkins.

—Private First Class Leo J. Choina, was home with his mother on furlough from June 30th to July 9th. He was entertained by his friends and taken to New Orleans for a pleasant visit by Mr. and Mrs. Victor Colson.

—Anthony Glover, Yeoman 3c, left Monday for Nashville, Tenn., after a fourteen day furlough here, with his parents Mr. and Mrs. H. C. Glover. The Glovers had also as their guests Miss Verda Brown of Alexandria, La., who has also returned to her home.

—Mrs. Leo Seal, Red Cross Chairman volunteer special service, Mrs. Louis Maunus, Executive secretary, Red Cross Chapter, Harold B. Weston, county chairman, Camp and Hospital Service Council, Miss Elsie Sport and Miss May H. Edwards represented Hancock County at a meeting of the Gulfport Area Camp and Hospital Service Council held at the Gulfport Field on Wednesday morning.

Captain C. H. Whitaker of the Army will be here on next Monday, Tuesday and Wednesday nights, July 26, 27 and 28, at 8 o'clock to give the necessary training in the use of the new fire fighting equipment which is being supplied to Bay St. Louis by the National Office of Civilian Defense at Washington. This training will be given at the Civilian Defense Volunteer Office at the Courthouse and it is estimated that between fifty and sixty Auxiliary firemen will take this course.

Volunteers from the office of civilian defense have been busy this week working on the new A books for gas rationing.

Organizing of Fire Guards

This new protection unit is now open to volunteers and will be organized as part of the air raid warden service. Basic training will be given. If this branch of civilian defense appeals to you and you are not working in any of the other volunteer units, please come to the defense office in the Court House and register, or contact Mr. A. E. Cox, chief air raid warden telephone 88. Women as well as men are invited to enlist in the FIRE GUARDS.

The Office of Civilian Defense arranged for a meeting at the Central School on Wednesday night for the purpose of showing some films of instruction.

In the absence of O. D. Ashworth who was called to Pascagoula, H. Grady Perkins presided at the meeting and explained the reason for showing the films. The first picture gave the workings of the Control Center; the second picture showed the new fire bomb and how to fight it; picture three gave definite instructions of what to do in a gas attack and picture four was an air raid warden's report. There was a representative number present and much interest was shown and especially in the controlling of the bombs and gas.

Mrs. Geo. R. Rea, director OCD, expressed appreciation of Father Kist of St. Augustine Seminary for the use of the projector and for operating the showing of the pictures. Several musical numbers were given by the Bay High Orchestra.

WEDDING OF LT. DAVID McDONALD AND MISS SMITH CLAIMS MUCH INTEREST

A wedding claiming much interest here as well as in other cities was that of Miss Lucille Smith, daughter of Mr. and Mrs. E. R. Smith of Wiggins and Lieutenant David N. McDonald which was celebrated at the First Baptist Church in Anniston, Alabama on Saturday, July 17 at 8 p. m. in the presence of relatives and a few friends. The Rev. Charles Bell performed the simple but impressive ceremony. Tall baskets of white gladioli were used at the altar. The bride was becomingly attired in a white silk costume suit, worn with an off-the-face white hat and all white accessories. Her corsage was of gardenias. She had as her only attendant the bridegroom's cousin, Miss Mary McDonald Kittrell who wore a flowered chiffon with small white hat and white accessories and a corsage of white gladioli. Lt. McDonald had as his best man Lt. H. C. Heathcote of Baltimore, Md. Mr. and Mrs. James Campbell entertained at their home at a reception. Spring flowers were used throughout the house and in the dining room the bride's table was covered with a hand made cloth and at the corners of the center piece of white chrysanthemums were silver candle sticks burning white tapers.

At the end of the table was the 2-tiered wedding cake, iced in white with tiny pink rosebuds and topped with a miniature bride and khaki clad bridegroom. Presiding at the punch bowl was Mrs. W. P. Acker of Anniston, a friend of the bridegroom's family.

The bride is a graduate of the Wiggins High School and of Mississippi State and held a clerical position with the Gulfport branch of the Hancock County branch of the Hancock County branch of the Mississippi State college and three months later received his commission as 2nd Lieutenant at Fort Benning. The couple will reside at Fort McClellan where Lt. McDonald is stationed.

The Echo is extending best wishes for a very happy life and a long one. Going to Anniston for the wedding were Mrs. E. R. Smith, mother of the bride and Lt. McDonald's family Mr. and Mrs. C. C. McDonald and sons, Fred and Jimmy.

Wounded in Action In New Guinea—Home on Furlough

CPL. CLIFFORD BOURGEOIS

Cpl. Clifford Bourgeois was home on furlough for a few days to visit his parents, Mr. and Mrs. Alfred Bourgeois of Waveland. Clifford has been in the South Pacific for quite some time and was wounded in action. For several months he has been in a hospital in that area and was returned to this country recently. At present he is in the Kennedy General Hospital at Memphis for treatment.

The people of Bay St. Louis and Waveland will always remember this smiling youth who was admired by all who knew him. We sincerely hope that he will recover rapidly from the wounds that he has received, and that he will suffer no ill effects later.

He is one of several Hancock County boys who have been wounded in action. May we remember him and the others in our prayers and ask God to return them to good health, and may we be grateful to them for the sacrifices that they have made for us.

Clifford has returned to Memphis. Mr. and Mrs. Bourgeois have two other sons who are in service. Cpl. Wesley Bourgeois is in the New Guinea area, and Pvt. Morris Bourgeois is on the Pacific Coast.

OUR LADY OF THE GULF CHURCH FAIR SAT.-SUN. JULY 31ST-AUGUST 1ST.

Plans and arrangements are fast nearing completion for the Annual Church Fair of Our Lady of the Gulf Church, to be held Saturday and Sunday evenings, July 31st and August 1st, on the grounds of the church. The Committee handling the Grab Bag and Fish Pond are having some difficulties finding articles for their concessions as war conditions have made buying of these small articles hard so they are asking that everyone who has miscellaneous articles that they know will delight children, to donate them. Mrs. M. Daurio and Mrs. Chas. Bouis are in charge of this part of the church fair.

Also with the candy shortage, the news that the Sisters of St. Joseph will conduct their advance candy sale on this Saturday and Sunday, and will have a table outside the church after the masses on Sunday morning, will be most welcome because their fame as candy makers is well known so be sure and patronize their candy table on Sunday morning.

—Mr. and Mrs. John Hale of Ponchatoula visited their relatives, Mr. and Mrs. A. G. Favre and family, over the week end. They were accompanied on the return trip by Jeffrey Favre who will spend several weeks visiting with them in Ponchatoula.

—After spending an enjoyable three week vacation with her parents and family and friends Miss Mary Maurigi has returned to her studies and nursing at City Hospital at Springhill College in Mobile, Ala. Miss Maurigi is the youngest daughter of Mr. and Mrs. Gaspar Maurigi, Sr., of this city. Miss Maurigi will graduate in June 1944.

—Recent guests of Dr. and Mrs. A. P. Smith were Mr. and Mrs. Ambrose Nettles and their two sons Richard and Robert of Oklahoma City, Mr. and Mrs. Harry McCleod of Pensacola, Florida, all of whom enjoyed the fishing and bathing. Later Doctor Smith's sister-in-law Mrs. Burt Smith of Miami, Florida and her sisters Mrs. L. Barn of Miami and Mrs. Aime Smith of Chicago. Several small informal affairs were given for them and they were the guests for dinner in New Orleans of Mr. and Mrs. Jack Fagan.

FORT PILOT KILLED IN 25TH RAID BUT CREW GOT HOME

Airmen Beat Flames, Flak And Nazi Fighters Over France

Our very good friend, Warren J. Carver, who served as Deputy Clerk of Courts under the editor of this paper for many years, and who is now attached to the Quartermaster Corps in the United States Army and who is somewhere in England, has sent to us a clipping of an article appearing in the "Stars and Stripes," official publication of our Expeditionary Forces, which has much local color. In this article reference is made to 2Lt. W. P. Cassidy of Brookhaven, Mississippi.

This young man is the husband of the former Miss Marion Ingram of Bay St. Louis daughter of Mr. and Mrs. S. J. Ingram.

We are reproducing herewith the article written by Andrew A. Rooney, Stars and Stripes Writer:

A USAF BOMBER STATION July 2—Men of this station paid final tribute to Capt. Raymond J. Check, "the finest pilot and the greatest guy on the field," when Capt. Check, who was killed on the raid over France last Saturday, was buried, with full honors, at the Army cemetery at Brookwood.

The men who returned with Capt. Check's ship, Chennault's Pappy III, wrote another story of heroism into the Eight Air Force annals.

It was Capt. Check's 25th raid. With him in Chennault's Pappy III were Lt. Col. James W. Wilson, of Bowling Green, Ohio, station air executive, who flew as co-pilot, and Maj. George L. Peck, of Denver a flight surgeon. The regular co-pilot of the ship, 2Lt. William P. Cassidy, of Brookhaven, Miss., was flying as right wing gunner.

"We were hit by Me109s just as we released our bombs," said 1Lt. Milton P. Blanchette, Jr., of Abbeville, S. C. "They came out of the sun and we didn't see them until after they had hit us."

Gunner on fire. "I heard a shell hit the plane," the navigator continued, "and the top turret gunner (Sgt. James A. Bobbett, of Burley, Ky.) came running into the nose with his clothes and hair on fire. I smothered out the fire with my hands."

A 20mm. shell hit the oxygen system and Capt. Check was instantly when another shell hit him in the neck and exploded. Fire started in the cockpit and oxygen leaking from the punctured tanks turned the compartment into an inferno.

Col. Wilson kept the plane under control and tried to put the fire out with his hands. "About this time, the colonel hollered that the cockpit was on fire," Lt. Blanchette said. "I grabbed a fire extinguisher, ran back there, got the fire under control and went back to the nose and told the Doc and the bombardier to go up to the pilot's cockpit."

Col. Wilson had been seriously burned trying to put the fire out but he was still flying the plane, controlling the Fort with his arms below the elbow.

Bombardier Bailed Out. Meanwhile someone had rung the alarm bell, signaling the crew to bail out.

"I turned to put on my earphones and just then I heard the hatch open behind me. I looked around and saw the bombardier bailing out. All I could see was his boots and I didn't know until later that it was the bombardier," Lt. Blanchette said.

In the waist of the ship, the regular co-pilot, Lt. Cassidy, an experienced flier, could feel that the ship was still under control and he told the crew not to bail out. He did not know yet that Captain Check had been killed and Col. Wilson was flying the ship severely burned.

The doctor, Major Peck, had gone from the nose to the pilot's compartment and was trying to help Col. Wilson.

"It was a wonder a man could stand such pain and fly a plane at the same time," Maj. Peck said. Disregarding the possibility that he might have to bail out, Maj. Peck, who was on his first mission, had taken off his parachute so that he could move around the plane freely where he was needed.

Ship Shell Splintered. The tail gunner, S/Sgt. Milton B. Edwards of Laurel, Md., was wounded in the arm. The radio operator, 1st Sgt. William T. Johnson of Wellsburg, W. Va., had been hit in the leg by flak and Bobbett, the top turret gunner, was burned. None of the guns were being manned. There were flak holes in the right elevator and the leading edge of the right wing, as well as through the fuselage. A 20mm. shell blasted a hole through the dorsal fin.

Lt. Cassidy went forward from the waist, and standing between the body of Capt. Check one of his best friends, and Col. Wilson, who was in agony, he flew the ship. When Maj. Peck had dressed the

Wounded In Action at Buna—Returning Home On Furlough

PVT. NELSON LADNER

Pvt. Nelson Ladner son of Mr. D. M. Ladner of Fenton has returned to this country from the South Pacific area. He has been awarded the Purple Heart for wounds received in action. He is now in the Hoff General Hospital, Santa Barbara, California.

He has written to his father and has related some of his experiences, and we quote from his letter:

"Now that I can tell you what I want—we left for God's unforsaken country in New Guinea last September, leaving our base October 6th on foot, we traveled through jungles, pig trails, up mountains as high as 10,000 feet, wading rivers, mud ponds and what not, sleeping just any place where we could get down, and eating what we could get hold of."

"I have never seen so much rain in all my life. Well, it was plenty tough for 54 days, but the experience was worth it. We dropped into Buna where the battle was taking place on the 27th of November, and on the 30th—well, I was unlucky, because a Jap sniper whizzed them at me, and one had my name on it. I was hit below the right hip, but it wasn't all too serious. However, it took quite a while to heal, but is just as good as ever now."

Unfortunately, a week after being wounded I took malaria, which developed into neuritis in my left shoulder. However, I am going to be all right, so there's nothing to worry about. I guess now I could sleep in a tree and live on grass."

"I do not deserve any more credit than any other soldier who has been in action, because a lot did not return, and all I can say is that I am lucky and happy to be back."

This young man will be home on furlough in a few days. We are, indeed, happy that he has survived the many experiences he has encountered. We have known him since childhood, and we know what he is made of.

It is the fighting spirit exemplified by this boy and many of our other boys which makes the armed forces of our country unbeatable. May God bless him, and it is our hope that he will suffer no ill effects from the wounds that he has received.

Bundle Party For Friday Morning

Coffee will not be rationed at the Bundle Party on Friday morning from 9:30 to 12 at the home of Mrs. A. P. Smith for the Red Cross. In return for your cup of coffee with sugar you bring a bundle of used clothing for the Red Cross home service unit.

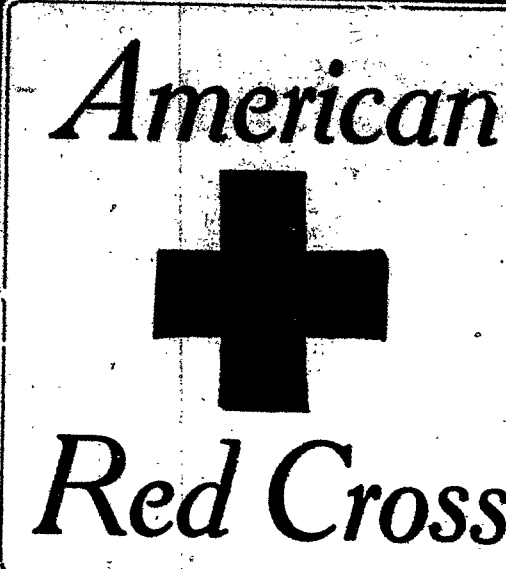

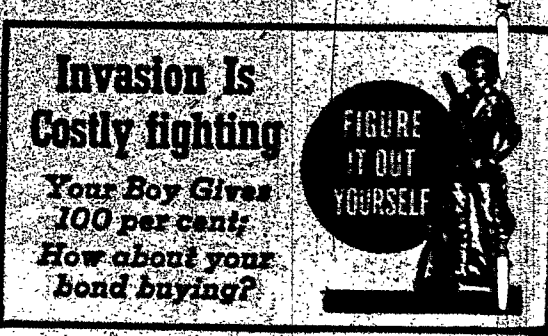

The Red Cross is nationally known and the Smith coffee is locally famed so don't miss tucking your bundle under your arm or slinging it over your shoulder and coming to the home of Mrs. A. P. Smith, So. Beach and meeting all of your friends and drink a cup of coffee with sugar.

wounds of some of the gunners he went forward again and took Col. Wilson from the cockpit to the nose of the Fort. He dressed the colonel's burns and bandaged his hands. The colonel insisted on going back to the pilot's compartment to help Lt. Cassidy fly the ship home but with his hands bandaged heavily with gauze there wasn't much he could do. Lt. Blanchette, who was also flying on his 25th operation over Europe, helped Lt. Cassidy bring the ship home. Maj. Peck continued to help wounded members of the crew.

In the morning Chaplain Anthony Pottel said a high mass for Capt. Check, and many men from the station went on to the funeral at Brookwood. Col. Wilson is recovering from his burns in the hospital and several members of the crew are going for a week's relaxation at the Eighth Air Force Service Command rest home.

Other members of the crew were 1Lt. Lionel F. Drew, of Oneco, Fla., the bombardier, S/Sgt. Jerry O. Hooks, Clermont, Fla., and Sgt. Archie H. Garrett, Evansville, Ind.

Jackson, Miss.

The parents of Willie Ruffin, Mr. and Mrs. Charles Ruffin of Westonia, Miss., are in receipt of a letter from their son who is a prisoner of war in a German Camp for enlisted men, namely Stammlager.

The letter was received by Mr. and Mrs. Ruffin on July 19th and reads as follows:

Hello, just a few lines to let you know where I am. I was captured by the Germans February 17th, and am in a prison camp in Germany. Most of my buddies are here with me. We are getting along pretty good. I want you to go to the Red Cross and find out what you can send me. I need pants and shirts and underwear. Also some Prince Albert tobacco. All of it has to come through the Red Cross so see them and find out about it. I cannot write but four letters a month, but you can write as many as you like. I will write as often as I can. Love Bill.

Pvt. Willie Ruffin
No. 110788
M-Stammlager.

Willie Ruffin lived in Logtown and Westonia and is thirty years of age. He attended school in both towns and enlisted in the U. S. Army in Sept. 1941 and was attached to the 168th Infantry. Advice that their son was held prisoner was received by the parents of this young man from the National Red Cross, the Hancock Chapter and by the Vatican Information Service while he was a transient prisoner in Italy en route to the German camp.

This is about the fourth soldier from Hancock County who is in a war prison camp.

As noted above, everyone of them appeal for assistance through the American Red Cross as its work for service men is so broad. However, a recent change permits nearest of kin to send packages direct to these prisoners in German and Italian camps but packages to prisoners of war in Japanese camps must still go through the American Red Cross.

Parcels can be sent to prisoners of war and civilian internees in Europe but not the Far East and official labels procured from the Provost Marshal General's Office must be placed on them, the parcels not to weigh more than 11 pounds, and to contain articles listed by the War Information Bureau.

However, the prisoner of war whose capture is known by the Prisoners of War Information Bureau is listed with the Red Cross and every sixty days receive a standard package containing highly nutritious foods, soap, coffee and cigarettes.

One of the finest things anyone can do who wishes to alleviate the suffering of those in prison camps is to send a package to some boy in camp the cost of which will be told you by your Chapter Executive Chairman.

Was Bugler At Attu When Stars and Stripes Were Raised

M. G. SEUZENEAU, S. F. 2c

M. G. Seuzeneau S. F. 2c, son of Mr. and Mrs. George Seuzeneau of this city had the distinction of being the bugler when the Stars and Stripes were raised over Attu. "Jack" is with the Seabees and is chief bugler for his squadron and Bay St. Louis is proud of the recognition given him.

He is a graduate of St. Stanislaus and attended Loyola University in New Orleans. When only ten years of age he played the trumpet in the local municipal band. He was also a member of St. Stanislaus band and studied music in the Loyola Conservatory of Music.

He was engaged in defense work at the Ingalls plant and at the Pen-dleton Shipyards in New Orleans until his induction into the Navy in January 1943. He took his boot training at Camp Bradford, Virginia and was sent to Camp Endicott, Rhode Island for advanced training. There he played first trumpet in the 85th Battalion Orchestra and was bugler for that battalion. He organized the 85th Battalion drum and bugle corps, was sent to the West Coast for overseas duty.

Mrs. Seuzeneau is the former Miss Doris Hale of Waveland and Bay St. Louis.

WHAT A CHANGE

ANY person who is influenced by personal political considerations while our gallant boys are fighting in all parts of the globe for freedom and democracy is a traitor to this country." This statement was made by Mike Conner, candidate for Governor of Mississippi.

How can he today utter such a statement when in 1917 and 1918, he was a young man of military age, unmarried, and claimed exemption from military service for the reason that he was a member of the Mississippi Legislature. When his country needed him he did not respond to that call. While the gallant boys of World War I were giving their lives and enduring the hardships that they did, he stayed at home, attempting to have the constitution amended to allow him to be a candidate for Governor before he reached the constitutional age. Do you believe that at that time he was being influenced by personal political considerations? Do you believe that he has changed his attitude? No, he is the same Mike Conner of 1917 and '18.

He says further that he has no time nor patience for anything that detracts in the slightest degree from the war effort, and that he is ready to make any sacrifice to win victory. Yet, we find Mike Conner raising his voice today to arouse race hatred and race prejudice. Does that speak well of a man who is attempting to serve as Mississippi's War Governor?

Regardless of color, race or creed, the people of this great country should stand united in one common purpose: to win the war at any cost. And anyone who professes to be a leader, attempting to gain a few "measly" votes by preaching prejudice and hatred, is simply defeating this purpose.

Mike Conner says that he is opposed to centralization of government. Does he believe that the people have forgotten the days when he was Governor of Mississippi, and his attempt to have a constitutional convention called for the purpose of centralizing State Government in Jackson in an effort to establish a dictatorship in Mississippi politics, to be headed by none other than himself?

Thank God, that Mississippi was blessed in having men of the type of Dennis Murphree, who blocked proposed legislation that would have put shackles on the voters of Mississippi.

We cannot conceive of the people of Mississippi believing that Mike Conner was the great governor that he professes to have been. We believe that he was purely an accident. The legislation passed during his term of Governor, which placed the State on a sound financial basis, was recommended by his predecessor, Governor Bilbo. Following Mike Conner's induction into office, the same men who had defeated this legislation during the Bilbo administration, helped to pass it. Today, two of the men who are far more responsible for the passage of this legislation are Conner's opponents, Dennis Murphree and Tom Bailey.

With the passage of the sales tax, whereby money poured into the Treasury, a fourth reader boy could have had a successful administration as Governor.

Brother Mike has had his paid 'ballyhoo experts' touring the state, telling the people how he would be elected in the first primary. Now they are weakening and are saying that there is a possibility that he MAY BE elected in the first primary. The people of Mississippi are not going to be fooled by this propaganda.

There may be a few 'coat-tail and band wagon riders' who will fall for it; but on August 3rd the people of Mississippi are going to write their ticket, and Mike Conner is going to find out that they still remember the days of 1917 and '18, when he claimed exemption and would not serve his country as a soldier. And today, when your boy and my boy are serving their country, we certainly DON'T want Mike Conner, or any of his kind as Mississippi's War Governor.

IT IS WISE TO BUY BONDS

THE purchase of war bonds is the civilian's participation in the nation's supreme war effort and there should be no let-up in the campaign to increase Hancock County's investment in these securities.

The man, woman or child who buys a war bond has the satisfaction of knowing that his, or her, act helps provide the tools of warfare for our brave soldiers and sailors. In addition, there is the certain knowledge that such a purchase improves the financial position of the buyer and helps ward off the dread spectre of inflation.

We would urge all those who have purchased war bonds to hold on to them as long as possible. Obviously, it will not help the nation if one buys a bond one month and sells it the next. Equally obvious is the fact that such transactions will not increase the financial assets of the buyer.

Since the sale of "defense" bonds began purchasers have redeemed only six per cent of these securities. However, the trend of redemption is upward. Whereas in 1942 the average was only 3.9 per cent, the figure for June was 15.3 per cent.

It should not be necessary to point out to all those who are now enjoying increased incomes that they are sharing in the war boom, which cannot last forever. It is good to put aside, in flush times, something for a rainy day.

Money permanently invested in war bonds will cushion the post-war strains that will inevitably develop and even if your improved income becomes permanent, give you a solid investment that can be used, in peace time, for many important purchases.

It is difficult for every citizen to buy war bonds on the same scale or to hold the securities after they are purchased. Individuals must decide for themselves, in the full knowledge of their financial position and obligations, just how much they can invest and save. Barring unexpected emergencies the purchase of a war bond should be a permanent investment, at least until the war ends.

Cpl. Rudy T. O'Dwyer, Jr. Speaker at Dedication of Soldier Center

On the occasion of the dedication of the new U. S. O. Soldier Center at the Blytheville Army Air Field, a young man who has lived in Bay St. Louis a great part of his life was the speaker of the day. This young man was Cpl. Rudy T. O'Dwyer, Jr., son of Mrs. Rudy T. O'Dwyer and the late Mr. O'Dwyer, who lived in Bay St. Louis the greater portion of each year and were well known here.

Corporal O'Dwyer is on the staff of the Legal Claims and Boards Section of the Blytheville Field. He was presented by Colonel Kurt M. Landon, Commanding Officer of the field, as "a young man who enlisted a little less than a year ago in his native New Orleans, and who has been on duty at the Blytheville Army Air Field since December."

We are quoting herewith a part of Corporal O'Dwyer's speech:

"The very same year that Pearl Harbor was attacked, a group of delegates met in Washington to launch the program of a new idea. The idea was baptised and it is known today throughout the world as the USO. The purpose of this wonderful organization is to fill the gap left in the life of the soldier, the sailor and the marine which follows upon his sudden transition to military service."

"It aimed to provide him with recreation and to battle against the boredom of his off duty hours. It provides the link between the training camp and his normal existence. Its philosophy is the establishment and maintenance of a home away from home."

It is now certain that the purpose has been fulfilled. Club houses have been established and set up and today I take pride in making known to you that there are more than 1200 of such establishments in the continental United States and a large number outside of the country, in advanced bases.

"We are assembled here today, to dedicate a new club house, something we can call our own. We deeply appreciate the effort you have made to please us and on behalf of every man in the uniform, no matter in what branch of the service, I say to you organizers of the USO we salute you. We thank you."

"And when the day of reckoning is at hand, I am sure you can proudly boast that you have done your part in reaching our final goal, a complete victory for the United States, a lasting freedom and a lasting peace."

We in Bay St. Louis, are happy to know of the accomplishments of boys of the type of Rudy O'Dwyer.

"Manpower at home is essential to support fighting power overseas" — E. G. Grace, president, Bethlehem Steel

Manpower on the Home Front

Thousands of men arriving for work in a Bethlehem shipyard. Down this yard's busy shipways slide many of the nation's cruisers, destroyers and aircraft carriers. Bethlehem repeatedly has made records for delivering vessels well ahead of schedule.

This is the story of manpower in Bethlehem steel mills and shipyards, of men and women who have come by the thousands from all walks of life to do a job in backing up our fighting forces with a continuous flood of materials. These men and women are vital to the battle of production. Manpower at Bethlehem Steel has been multiplied three times in three and a half years. Here are the figures:

NUMBER OF BETHLEHEM EMPLOYEES

Poland invaded, September 1939.....100,000
Fall of France, summer 1940.....120,000
Pearl Harbor, December 1941.....190,000
Tunisia, May 1943.....290,000

Facts About Bethlehem Workers

Manpower is the heart of Bethlehem's current production of a ship a day. Manpower makes possible the meeting of its large commitments for ordnance and other war-steel products. All other problems such as materials and supplies are secondary — the essential dependence is on manpower.

Thousands of men from non-essential trades are joining Bethlehem war-work armies. More than 13,000 women are employed at Bethlehem plants and shipyards, and the number is constantly increasing. Veteran employees are zealously teaching the newcomers, so that they can quickly handle their appointed tasks.

New employees earn while they learn, in special training classes and in on-the-job training. Sympathetic study of each person's abilities puts "square pegs in square holes." Wages are the highest in the history of shipbuilding and steel, and in the top group of all industries.

Promotion is rapid, as opportunity to advance comes far more swiftly than under normal conditions.

Bethlehem employees are friendly, high-grade people. The great majority have education in the high school grades, and thousands are graduates of colleges, crafts and professions. More than 50,000 Bethlehem employees are now serving in the armed forces, a fact which gives added seriousness of purpose to those working to produce the supplies.

To work in Bethlehem shipyards and plants is to be in the front line of industry, doing a real job to help win the war.

SOME NEW BETHLEHEM EMPLOYEES FROM VARIOUS OCCUPATIONS

From leatherworker, From drifter on, From auto salesman, From plumber, From office clerk, From delivery man, From machine operator, Jeweler, to, materials inspector, meter repairman, ship draftsman, furnace tender.

Employment in Bethlehem's shipbuilding and ship repair yards alone has grown from 15,000 in 1939, to nearly 180,000. The enlistment in our manpower army continues from week to week and from month to month. The total of Bethlehem employees will exceed 300,000 by the end of the year. To reach this total force, and provide for replacements of those going into the armed services and others, many thousands more men and women will be hired.

FROM ALL OCCUPATIONS

Bethlehem workers come from virtually every walk of life to serve in these war-work armies. Here are 60 instances of former occupations of men and women who are now producing ships and combat materials.

He's Fighting For YOU!

Don't Let His "Pay Check" Go Astray ...

While he's fighting "over there," Uncle Sam is making every effort to care for his family ... by mailing them monthly allotment checks! You may expect your checks in the mail between the 1st and 10th of each calendar month during the war and for 6 months after! Watch for them!

Be on hand when the postman is due! Be sure you endorse checks correctly! Bring them here for safe, sure handling!

Crawley State Commander
Hon. David E. Crawley, prominent attorney of Kosciusko, was elected State Commander of the American Legion at its 1943 State Convention in Vicksburg. James Crawley, brother of Dave, served as State Commander several years ago. R. D. Morrow, now a Lieutenant-Colonel at Camp Phillips, Kansas, was re-elected State Adjutant. Mrs. C. D. Williams, of Yazoo City, was elected president of the State Department.

Here's Word from Bill!

...and tell my old gang down at the Telephone Company that I'm thinking of them. I see tons of telephone materials every day over here—in the form of tanks, shells and field communications equipment. We need a steady stream of these supplies to win—and being a telephone man, I know that telephone lines have to carry many calls affecting production and transportation of fighting equipment. So I hope you homefolks are helping to keep the wires clear, for war calls which MUST go through. Love, BILL"

Fellows like Bill Jones—on the fighting front—know what they're talking about when they say that Victory depends upon an unceasing flow of supplies. And at home, those directing the war effort rely on the telephone to keep munitions and men moving forward. These urgent calls pass through the same local telephone equipment you use. Yet facilities can't be expanded to meet demands fully, because the necessary materials are being made into planes, tanks and guns.

By avoiding unnecessary local calls—and by speaking briefly whenever you talk—you help relieve crowded lines and switchboards for war duty. In that way you help speed vital war calls.

FLIGHT FOR FREEDOM AT A & G THEATER SUNDAY - MONDAY

An RKO Radio Aviation Melodrama Featuring An Excellent Cast

This is a story discussed pro and con by the columnists some while back as to be or not to be a record of the career of Amelia Earhart, including circumstances of her last flight not previously disclosed. Whether it is or not, that outburst of printed discussion is a factor of record in behalf of grosses for what turned out to be, in any case, a picture calculated to fascinate and entertain audiences of all kinds. The names of Rosalind Russell, Fred MacMurray and Herbert Marshall are, of course, the factors of exploitation upon which showmen will be counting for revenue in the main. Miss Russell plays the picture and MacMurray, satisfies requirements as the flier who figures in her life emotionally. Marshall topping his average as the second man in the triangle, a plane designer and manufacturer.

The screenplay by O. H. P. Garrett and S. K. Lauren, from the story by Horace McEvay, opens in 1932 with the heroine an aviation student. She becomes enamored of a famous aviator and spends a somewhat vaguely defined interval of romance with him, short of matrimony, after which he flies away for two years. She continues her studies, enters the Bendix race, meets him again, later breaks his record for the course, finally agrees to marry the manufacturer after a solo flight around the world.

At this point, the U. S. Navy, desirous of photographing the Japanese mandated islands, without precipitating war, proposes to the girl that she pretend to become lost in the Pacific in that area so that Navy planes in seeming search for her can do the photographing. When she learns just prior to the takeoff that the Japanese are aware of the plan and prepared to thwart it by rescuing her, she crosses them up by flying to her death after radioing an SOS that warrants the Navy planes making their search as planned.

The picture tightens toward the end and packs a punch in the finale. Prior to that it is beneficiary of the services of David Hempstead as producer and Lother Mandies as director, who employ their artifices to keep the narrative interesting in its calmer stretches.

MILK ORDINANCE

AN ORDINANCE TO REGULATE THE PRODUCTION, TRANSPORTATION, PROCESSING, HANDLING, SAMPLING, EXAMINATION, GRADING, LABELING, REGRADING, AND SALE OF MILK AND MILK PRODUCTS; THE INSPECTION OF DAIRY HERDS, DAIRIES, AND MILK PLANTS; THE ISSUING AND REVOCATION OF PERMITS TO MILK PRODUCERS AND DISTRIBUTORS; THE PLACARDING OF RESTAURANTS AND OTHER ESTABLISHMENTS SERVING MILK OR MILK PRODUCTS; AND THE FIXING OF PENALTIES.

THE CITY OF BAY SAINT LOUIS ORDAINS:

SECTION 1. The production, transportation, processing, handling, sampling, examination, grading, labeling, regrading, and sale of all milk and milk products sold for ultimate consumption within the City of Bay Saint Louis, or its police jurisdiction, the inspection of dairy herds, dairies, and milk plants, the issuing and revocation of permits to milk producers and distributors, the placarding of restaurants and other establishments serving milk or milk products, and the fixing of penalties shall be regulated in accordance with the terms of the unbridged form of the 1939 edition of the United States Public Health Service milk ordinance, a certified copy of which shall be on file in the office of the City Clerk of the City of Bay Saint Louis, Mississippi; Provided, that the blank spaces following the words "city of" in said unbridged form shall be understood to refer to the City of Bay Saint Louis; Provided further, That in Section 7, item 1, of said unbridged form the abortion-testing requirement shall be effective within 5 years after the adoption of this Ordinance; Provided further, That Section 8, 16, and 17 of said unbridged form shall be replaced, respectively by Sections 2, 3 and 4 below.

SECTION 2. From and after 12 months from the date on which this Ordinance takes effect no milk or milk products shall be sold to the final consumer, or to restaurants, soda fountains, grocery stores, or similar establishments that fails to meet the requirements of this Ordinance.

SECTION 3. That after the health officer shall have announced the grades of all milk or milk products, all milk distributors shall at once begin to grade the milk to be sold and distributed, and must qualify for one of the grades as set out in the United States Public Health Service Milk Ordinance hereinabove referred to. Failure to qualify for one of the above mentioned grades, "city of" in said unbridged form shall be understood to refer to the City of Bay Saint Louis; Provided further, That in Section 7, item 1, of said unbridged form the abortion-testing requirement shall be effective within 5 years after the adoption of this Ordinance; Provided further, That Section 8, 16, and 17 of said unbridged form shall be replaced, respectively by Sections 2, 3 and 4 below.

Those voting year: G. Y. Blaize, Mayor, W. L. Bourgeois, Commissioner of Finance and H. Grady Perkins, Commissioner of Public Utilities.

MISSISSIPPI HOME OWNERS KNOW THE TRUTH

IM VOTING FOR MIKE CONNER BECAUSE HE GAVE MISSISSIPPI HOME OWNERS THEIR FIRST HOMESTEAD TAX EXEMPTION WHEN HE WAS GOVERNOR FROM 1932 TO 1936.

The Conner Administration (1932-1936) not only inaugurated homestead tax exemption but exempted farmers' cattle, horses, mules, hogs, plows, farming equipment and household goods from all taxes and reduced the state property tax from 8 to 4 mills.

MIKE CONNER says, "To fight this war, the Federal Government has had to expend vast sums of money and the end is not yet in sight. Staggering burdens of federal taxes will be upon the American people for many generations. If the costs of all state and local governments are not reduced, our economic life will be destroyed, and we and our children will be enslaved. There must be tax relief. Therefore, now, as never before, must we have honest, efficient, economical administration of governmental affairs. We must struggle heroically to provide enough money to meet federal taxes and to carry on the necessary functions of local government. We cannot do this and at the same time furnish money with which our public officials may play politics, reward their friends and build political machines. We cannot provide enough money to serve the people and to serve the politicians too. Neither can we afford to pay for

SURE MIKE DID AND WHEN HE'S ELECTED GOVERNOR THIS TIME HE'LL MAKE SURE OUR STATE TAXES ARE FURTHER REDUCED TO HELP US MEET GREATLY INCREASED FEDERAL TAXES.

WHEN MIKE SAYS HE WILL YOU CAN DEPEND ON IT!

the mistakes, though they may be honest, of incompetent, inefficient public officials."

ORTTE THEATER PRESENTS 'IT COMES UP LOVE'

With Gloria Jean and Donald O'Connor and Starring Ian Hunter

Two of Hollywood's most gifted juvenile stars are teamed in Universal's "It Comes Up Love." The stars are Gloria Jean and Donald O'Connor and the picture, described as a romantic comedy drama with music, is said to be an ideal vehicle for these popular young performers.

Starred likewise is Ian Hunter, and the cast includes Louise Allbritton, Friedo Inescort and Charles Coleman. All are declared to have striking character roles in the story which has for its central situation, the hectic and constantly exciting romance between the principals, portrayed by Gloria and Donald.

Circumstances Are Turbulent
In the compact screen play contrived by Dorothy Bennett and Charles Kenyon and suggested by a story by Alcen Leslie and Jay Dratler, the youthful stars are beset by many turbulent circumstances which also involve their elders in a series of dramatic misunderstandings. Music is the chief device in straightening things out for what is announced as a satisfactory and supremely happy climax.

Four selections are featured in the film's score. Gloria sings "What the Rose Said to Me" as a solo presentation. She is joined by a vocal group in the rendition of "Love's Old Sweet Song" and the Guadalajara Trio furnishes novel accompaniment as she sings "Say Si Si." The trio also presents "Vama A Ver."

People From Sixty Occupations Trained For War Jobs

The wide range of occupations from which men and women now in war production jobs have been drawn is made clear by an analysis of the former activities of some of those who have been employed by Bethlehem Steel Company during the war emergency. The analysis, recently released, lists 60 occupations from which employees have gone to Bethlehem plants and shipyards. These occupations, many of which are totally unrelated to steel production or shipbuilding, include everything from actor to school teacher.

They show that a former automobile salesman is now a Bethlehem materials inspector, a delivery man is now a furnace loader, a former woman office clerk is now a ship draftsman, a former plumber is now a meter repairman, and a leather worker is now a machine operator. Among other employees are former college professors, architects, retail store clerks, writers, lawyers, waiters, gas station operators, mail carriers, druggists and representatives of a host of other occupations.

The Bethlehem plants and shipyards have absorbed men and women from such diverse occupations through an efficient set-up for on-the-job training courses, whereby men and women earn good wages while they are learning a new job. Bethlehem has tripled its number of employees in the past three and a half years, and adequate man-power is essential in order to attain the production goals it has set for this year.

Thousands of men and women from non-essential trades are joining Bethlehem war-work armies to assist in maintaining highest production and to provide replacement including replacement for men who leave to go into the armed forces.

The Bethlehem Steel Company has one of our nation's most widespread war production organizations. It is now building ships at the amazing rate of one a day. It is operating shipyards, steel plants, fabricating and manufacturing plants at or near Boston, Buffalo, New York, Wilmington, Bethlehem, Coatesville, Pottstown, Harrisburg, Lebanon, Johnstown, Williamsport, Pittsburgh, Baltimore, Chicago, Tulsa, Seattle, San Francisco, Alameda, Los Angeles, and San Pedro.

How to help your eyes and avoid wasting light

Clean bulbs and bowls often!

Make full use of light you have!

Dust and dirt steal more light than you think. Wipe bulbs and sockets with a damp cloth and you'll get as much as 25 to 50% more light.

By arranging furniture and lamps carefully, you can often make one lamp serve two or more people effectively. But be sure it isn't too far away from either! A difference of 12 inches can reduce the light you get by as much as 50%.

Use shades with white linings!

Dark lamp shades or shades turned yellow inside rob your eyes of light... may cut down light as much as 50%. Clean or brush shades regularly; if they're too bad, replace with fresh ones.

BUY LAMP BULBS CAREFULLY! Be Sure They're the Right Size

TURN OFF LAMPS YOU ARE NOT USING

Even though our country's supply of electric power is adequate for all present requirements and is not rationed, it should not be wasted. Use electric service for any actual home needs but not wastefully. In addition to proper war time use of lighting you can save waste by—turning off the radio while no one is listening, turning off electric fans in unoccupied rooms, not wasting electrically heated hot water, and not keeping refrigerator door open longer than necessary.

These men know that The American Spirit is the source of America's Power

It is the confident spirit of 130 million God-fearing and freedom-loving Americans... confident even though so viciously outraged by Japan's treachery and Hitler's cruelties.

It is the spirit of a unified people in a country where Life, Liberty and Pursuit of Happiness are not just empty phrases. They live through laws made by free men, guaranteeing Freedom of Speech and Worship, a fair trial, protection of property and peaceable assembly.

It is the American Spirit seeking only a just reward for thrift, ability and initiative earned under a system of Free Enterprise in which...

the savings of the thrifty combined with the energy of labor, with research and invention, and directed by management, have created an industrial development that is the marvel of the ages...

the average man has greater opportunity and better living conditions than anywhere else on earth yesterday, today or tomorrow...

free men in a year or two have outstripped Hitler's ten-year production lead under the dictator's lash.

As a part of the accomplishment of the American Spirit stimulated by Free Enterprise, the privately owned and operated railroads have astonished the world and dismayed the Dictators by their tremendous contribution toward winning the war. They have proven their necessity and won such recognition as entitles them to continued growth and protection, both now and in the years of peace to come.

Like other American railroads, the L & N is a public servant owned and operated by thousands of everyday Americans in every walk of life. Through the years it has played a vital part in the constructive development of communities and conditions along its lines. Today it claims a modest part in the country's war effort, and tomorrow it will continue to serve the public faithfully and to advance the inevitable development of the South.

"Awash amidst ship!" "Sparks," the radio operator, has sent his final message from another U-boat victim. The lifeboats are pulling away from the doomed vessel as millions of dollars' worth of food, supplies and munitions settle to the ocean bottom in another allied catastrophe in the Battle of the Atlantic.

Millions of dollars' worth of material that was paid for by the dollars we saved and invested in War Bonds. Thousands of man hours have been lost.

We can have but one answer: work harder, save more and invest more frequently in War Bonds.

PUBLIC NOTICE

TO THE PUBLIC AND TO THE TAXPAYERS OF THE CITY OF BAY SAINT LOUIS, HANCOCK COUNTY, MISSISSIPPI.

"You are hereby notified that the personal property assessment roll of the above named City, for the year of 1943, have been equalized according to law, and that said rolls are ready for inspection and examination, and that any objections to said rolls or any assessment therein contained, shall be made in writing and filed with the Clerk of the Commission Council of said City, on or before the second (2nd) day of August 1943, at his office in the City Hall of said City, and that all assessments to which no objections are then and there made, will be finally approved by said Commission Council, and that all assessments to which objections are made, and which may be corrected and properly determined by said Council, will be made final by said Commission Council, and that said rolls, and the assessments contained therein, will be approved by said Commission Council; and that:

1. This Council will be in session, for the purpose of hearing objections to the said assessments which may be filed, at the City Hall in the City of Bay Saint Louis, said County and State on the second (2nd) day of August, 1943, and

2. This Commission Council will remain in session from day to day until all objections, lawfully filed, shall have been disposed of and all proper corrections made in the said roll.

WITNESS the signature and seal of said Commission Council this 19th day of July, 1943.

(SEAL)
THE COMMISSION COUNCIL OF THE CITY OF BAY SAINT LOUIS, HANCOCK COUNTY, MISSISSIPPI.

By H. GRADY PERKINS, City Clerk
Ordered and Adjudged this 19th day of July, A. D. 1943.

TO CANDIDATES FOR THE STATE SENATE AND HOUSE OF REPRESENTATIVES

Gentlemen:

The Tax Payers of the Counties and towns are the tax payers of the State. They have cheerfully sacrificed themselves to pay an ever increasing tax demanded by the State, which now amounts to more than forty six million dollars per annum, while the local governments are slowly strangling to death financially. The records disclose that the State has over collected approximately eighteen million dollars from the tax payers of the towns and counties and will collect the same amounts in the future.

The Tax Payers of the counties and towns would greatly appreciate a public announcement of your position on the passage of the following legislation for the relief of the local governments.

1. A fair division of the State Sales Tax between the State, counties and municipalities.
2. To exempt Municipalities and counties from tax on gasoline used Governmentally.
3. To exempt Counties and Municipalities from payment of State

Sales Tax on materials purchased for governmental use.

4. To amend privilege tax laws, giving municipalities the Privilege tax taken from them by passing the State-Wide Privilege Tax Laws.

5. To provide that Municipal Tax Liens follow the property when same is sold for State and County Taxes.

Thirty three of the States divide excise taxes with their Counties and Municipalities and we believe that Mississippi should do likewise.

Practically all the candidates for Governor and Lieut. Governor have publicly endorsed the above legislation.

Asking your serious consideration

Sincerely yours,

G. Y. BLAIZE, Mayor
W. L. BOURGEOIS, Commissioner of Finance
H. GRADY PERKINS, Commissioner of Public Utilities

**"Harmless" REMARKS SOLVE
THE AXIS AGENT'S PUZZLE...**

Don't help the Axis spies complete their jig-saw puzzle. Every piece of information, loosely passed, helps them to solve it.

Freedom of Speech is a sacred heritage, but in wartime every American must be careful how he exercises the privilege. Unless we are cautious, harmless remarks give enemy agents information that may mean death for our fighting men.

In the Middle West, a mother remarks that her boy has just sailed . . . in the East a father says his son is being trained in coast invasion tactics . . . and in the Gulf South a war worker tells his neighbor how many parts he's turned out on his lathe. Harmless? Seemingly. But they're facts the enemy agents pick up—study, sift, check—until often a complete picture appears . . . a picture that gives America's plans to the enemy.

IT WILL HELP FOR ALL OF US TO REMEMBER THIS RULE!

If you HEAR it from someone—don't repeat it.

If you SEE it yourself—don't repeat it.

But if you read it in the newspapers or magazines or hear it on the radio, then it's public property—and it may be discussed publicly without concern.
